Every ESP provides behavioral health crisis assessment, intervention and stabilization services through 4 service components: Mobile Crisis Intervention (MCI) services for youth, adult

mobile services, ESP community based locations, and community crisis stabilization (CCS) services for ages 18 and over. All ESP service components and locations may be accessed through the ESP's toll free number. Where applicable, local numbers for specific locations have also been provided above. It is recommended that individuals and families call the ESP's toll free number first, so the ESP can help them access the most appropriate services. Please refer to [www.masspartnership.com](http://www.masspartnership.com) and click on "ESP" on the left side of the homepage for more information including updates to this directory.
