

Executive Assistant/Special Events Manager

Salary: \$54,000 - \$65,000

Do you have experience keeping a busy executive's work life in perfect order?
Do you love orchestrating all the details of a big event?
Bring that expertise to NAMI Mass and use your skills to make a difference!

The National Alliance on Mental Illness of Massachusetts (NAMI Mass) is a statewide, nonprofit grassroots education, support, and advocacy organization dedicated to improving the lives of people with mental health conditions and their families. Founded in 1982, NAMI Mass is one of the prominent state voices on mental health issues.

Thus, our mission is to seek to improve the quality of life for people living with mental health conditions, their families, and their caregivers. We work to ensure that all people impacted by a mental health condition receive the support they need when they need it. We use our voices as people and families with lived experience to challenge discrimination and advocate for a more equitable and just world.

We are guided by the following principles:

- 1) NAMI Mass acknowledges that mental health conditions do not discriminate based on race, ethnicity, gender, sexual orientation, socioeconomic or disability status.
- 2) NAMI Mass views mental health as a key component of overall health and core to who we are as people. We seek to empower everyone to talk about mental health freely and without shame.
- 3) People with mental health conditions can be more vulnerable to discrimination and violations of their human rights in our current systems, including in hospitals, congregate care settings, prisons, education systems, and the workplace, and we recognize the structural inequities shaped by our laws and policies.
- 4) We believe that people experience and understand the causes of mental health challenges in several ways. NAMI Mass recognizes the right of people living with a mental health condition to determine and name these causes.
- 5) NAMI Mass believes that "recovery" or "healing" from mental health challenges is real and possible, but that each person defines what this means individually.
